(as required by SEBI circular MIRSD/ SE /Cir-19/2009 dated December 3, 2009**

For guidelines reference # NSE Circular Ref. No: 39/2020 - E/CMTR/44481 Date : May 27, 2020

Policy 1. refusal of orders for penny stocks

A penny stock can be typified as one which has one or more of the given below characteristics:

- Stock that trades at a relatively low price and /or market capitalization
- Highly speculative and risky because of lack of liquidity
- Large bid-ask spreads
- Showing sporadic volume pattern in tandem with bulk trades
- Association with errant promoters and/or classified under Z or T group by exchanges

Stocks that are on the illiquid stocks list issued by the Bourses periodically are considered as penny stocks. Our RMS reserves the “right to refusal” to trade in such stocks and consequently all losses pertaining to it would be borne by the client. The dealers and clients should refer updated GSM and ASM scrip’s list also before execution of any trade. All margins and conditions associated to GSM and ASM list of shares must be mandatorily adhered to by the clients.

Policy 2. setting up client’s exposure limit

Our RMS refers the following points in conjunction with the PMLA guidelines before giving exposure to our clients, which in turn can vary from time to time in view of the then prevailing circumstances:

- Client’s net worth
- Collateral or deposits taken from the client. Value of exposure will be as per prevailing Sebi/Exchange guidelines. Hence before any trade execution , upfront margin in the form of collateral after VAR haircut, NEFT/RTGS/cheques deposited ,and existing ledger credit balance will be considered.
- A client may opt for upfront collateral in the form of pledged eligible securities and/or FD/ BG,. All rules to be complied as per SEBI circular.
- Existing open positions of client and the various margin obligations getting attracted
- Broker’s risk perception of the client
- Prevailing market volatility
- The benefit of ‘credit for sale of shares’ is to be considered only if early pay-in is done by client.
- In case of F&O trading, collateral received after the trading day in ‘client’s margin account’ will not be considered for margin and exposure calculation.
- In case of F&O, strict margin limits for upfront margin, exposure margin, MTM margin and volatility margin as calculated by exchange formulae will be adhered to before providing exposure.
- Scrip wise exposure can vary depending upon the group to which the scrip belongs. A client is liable to get less exposure for scrip under ‘Z’ & ‘T’ groups, as the broker has to keep in mind the total

turnover of the scrip, liquidity during the day, per day limits for a particular Group (e.g. T, Z groups) set by Exchanges or any such reasons after referring the daily notices of Exchanges & SEBI.

- Updated ASM and GSM list will be referred before allowing exposure in such scrips.
- Exposure to many illiquid scrips can remain blocked at our end and can be activated only with management's approval.
- Any other relevant factor.

The client has to agree to exposure/margin variation, reduction, imposition and restrictions that can affect his ability to execute the orders. Further the client has to agree that the losses if any on account of such refusal or due to delay caused by periodic reviews or interventions shall be borne exclusively by the client alone.

Necessary limits will be set by our officials on the basis of document/s procured from client such as Balance sheet and Profit and Loss statement, Annual IT acknowledgement copy, Auditor certified net worth statement or self-declared net worth. Any one or combination of above documents will be scrutinized to arrive at a suitable terminal/ UCC limit for the client.

Policy 3. applicable brokerage rate

- Brokerage rates will be charged within the limits prescribed by SEBI/Exchange.
- As per SEBI rules, brokerage on delivery trades cannot exceed 2.5% of market rate.
- At the time of opening of client's account the brokerage rates will be assigned in consultation with the client/sub-broker. Any change intended by either broker or client will be done after mutual discussion thereof.
- For option contracts brokerage will be charged on the premium at which the option contract was bought or sold and not on the strike price of the option contract.
- The management also reserves the right to decide upon brokerage rates to any client as per their comfort level and within the permissible range.
- For Block/Bulk deals, the negotiated brokerage rates may apply.

Policy 4. imposition of penalty/delayed payment charges by either party, specifying the rate and the period not resulting in funding by the broker in contravention of the applicable laws

- All penalties due to client's negligence, what-so-ever it may be, pertaining to their trading account or non-compliance shall be borne by Client.
- If for any reason the client defaults in his pay-in obligations whether at broker level or exchange level, then the broker has the right to recover from the client, the interest so charged by the authorities along with the penalties imposed.
- Any interest corresponding to the amount of shortfall of pay-in amount of the client raised from any bank or through private sources shall be debited to the client's account.

- The client shall ensure timely availability of fund/securities in the form and manner at designated time and in designated bank and depository account(s), for meeting his/her/its pay-in obligation of fund and securities. All losses on account of non-compliance of exchange obligation shall be borne by the client. Any available security/collateral would be subject to haircuts/MTM as the stockbroker may deem fit in his absolute discretion.
- The stockbrokers has the right but not the obligation, to cancel all pending orders and to sell /close/liquidate all open positions/securities/shares at a predefined square off time or when MTM percentage reaches or crosses stipulated margin percentage, whichever is earlier. The stockbroker will have the sole discretion to decide referred stipulated margin percentage depending upon the market condition. In the event of such square-off, the client shall bear all the losses based on actual executed prices, the client shall also be solely liable for all and any penalties and charges levied by the exchange.
- On the explicit directions of Exchanges/ SEBI or any government authority, the broker can freeze or resort to squaring off the position of client. In such cases all losses shall be borne by the client.

(NSE Ref. No.: NSE/INSP/36889- Circular Ref. No.:318/2018- Date: February 02, 2018

Exchange circular NSE/INSP/41359 dated June 20, 2019 and SEBI circular CIR/HO/MIRSD/DOP/CIR/P/2019/75 dated June 20, 2019 on Handling of Clients' Securities by Trading Members/Clearing Members)

Policy 6. shortages in obligations arising out of internal netting of trades

It was mandated by SEBI to have a single designated clearing corporation across all exchanges under interoperability for BSE, NSE and Metropolitan Stock Exchange. Hence, after opting for NCL (NSE) as our sole clearing house across all exchanges, it has become imperative for us to revise our internal shortage policy.

Internal shortage arises when delivery pay-in /pay-out of sold/bought scrip remains unsettled between seller and buyer clients of the same broker.. In simpler words, when the seller of a security fails to deliver his securities that results in short delivery to another buyer client of the broker.

Facility for internal shortage is provided by NCL (National Clearing Corporation of NSE). We will be guided by the procedure laid out by NCL as per their circular reference no. NCL/CMPT/46456 dated November 25, 2020 and circular ref # NCL/CMPT/47402 dated February 19, 2021. Salient features of the facility:

1. Facility is for internal shortages in capital market segment and physical settlement of equity derivatives.
2. Clearing members shall provide a list of securities to be auctioned along with trading member, client code and shortage quantity to NCL through a file upload in the format as provided. The file should be uploaded prior to 08:30 AM on settlement date.
(The above cut off time is for broker execution and not for clients. For all the clients we would consider cut off time as 6.00 p.m. one day prior to settlement day.)
3. NCL shall validate the records and provide a return file with status success/reject to the Clearing Members. Only successful records shall be taken up for further processing.
4. NCL shall debit from the settlement account an amount equal to the valuation of the securities provided towards auction. Clearing Members are required to provide valuation amount in their settlement account by 10:00 AM.
5. In case of successful auction, valuation amount so collected shall be utilized towards auction pay-in

on auction settlement day. Excess, if any, shall be returned to clearing member after making necessary adjustments and shortfall, if any, shall be recovered from the clearing member. In case of unsuccessful auction, the entire valuation amount shall be returned to the clearing member.

6. In case where auction is successful but there is settlement shortage i.e. auction seller fails to deliver the securities on T+3 day, NCL shall conduct financial close out in accordance with the exchange procedures.

7. It shall be sole responsibility of the Clearing Member to ensure correctness and completeness of the settlement shortages reported to NCL for auction.

8. There shall be facilitation fees of 1% on the value of security considering the price of security on day prior to auction. The amount including applicable taxes shall be collected on monthly basis.

Further this is only a facility at exchange level and no settlement guarantee shall be provided by exchange.

If for any unforeseen reason the procedure for internal shortage is not initiated then the following policy will be adopted. The client has to agree to the procedure set by us for internal shortage if he/she fails to deliver the securities sold by him/her which tantamount to non-fulfillment of the market obligation at BSE/NSE/Metropolitan Exchange. In such a case the contract shall be mandatorily closed out at NSE and the close out price will be higher of the following:

(a) Highest traded price of the scrip prevailing on NSE beginning from T day till the corresponding auction day

OR

(b) The closing price of the securities on the auction day increased by 5% for both cash and F&O segments.

The amount so determined shall be debited to the seller who failed to deliver the securities in time and credited to the buyer of the same scrip.

If the securities under close are not listed on NSE then aforesaid procedure shall be applied to BSE.

In case of securities having corporate actions that are under no-delivery period: In all such cum-benefit cases of short delivery which cannot be auctioned on cum basis or where cum-benefit pay-out is after book closure /record date then in such a situation it would attract compulsory close out at 10% above the official closing price on the auction day or the highest traded price from the trading day till the corresponding auction day.

The effect of the above amount will be debited to the defaulter client and credited to the buyer client. No actual delivery will be delivered to the buyer in case of internal shortage.

Policy 7. conditions under which a client may not be allowed to take further position or the broker may close the existing position of a client

The above condition applies in the following cases:

- When the gross exposure/collateral set for the client gets exhausted.
- The existing position of the client is also liable to be squared up when the client fails to provide extra margin or fails to fulfill his obligations even upon being intimated.
- Due to non-receipt or non-fulfillment of money and/or delivery pay-in & payout obligation by the client in case of cash segment.
- Due to non-receipt or non-fulfillment of money pay-in obligation by the client as required by exchanges in F&O segment.
- In extraordinary circumstances whence the Broker is advised by the Exchange to reduce exposure to facilitate smooth working of the Exchange.

- In view of the high volatility of market
- Under all such circumstances as per our RMS policy, client may not be allowed to take further position.
- The existing position of the client will also be liable to be squared off/closed out without giving notice due to shortage of margin/ non making of payment for their pay in obligation/outstanding debts.

Policy 8. temporarily suspending or closing a client's account at the client's request

- A client's account can be temporarily suspended if the client gives in writing to do so with proper reason. It can be re-activated on receipt of written instruction from the client. However client would be allowed to settle his ledger account during suspended period.
- The management also reserves the right to temporarily close a client's account till he fulfills /complies with his due obligations.
- Closure of client's account- A client's account can be closed if a written request is received for the same, provided he has settled his account across all segments in terms of money and share delivery.

Policy 9. deregistering a client

Notwithstanding anything contrary stated in the agreement, the stock broker shall be entitled to terminate the agreement in any of the following circumstances:

- 1) Incase of death/lunacy or any other disability of the client
 - 2) Incase of breach of any term, condition or covenant of this agreement

 - 9) If any covenant or warranty of the client is incorrect or untrue in any material respect.
 - 10) If there is reasonable apprehension that the client would be unable to pay its debts or the client has admitted its inability to pay its debt as and when they become payable.
 - 11) If a receiver, administrator or liquidator has been appointed or allowed to be appointed for all or any part of the undertaking of the client.

18: POLICY FOR -CODE OF BUSINESS CONDUCT AND ETHICS

Introduction

This Code of Business Conduct and Ethics covers a wide range of business practices and procedures. It sets out basic principles to guide all employees of the firm. It is supplemented by our Policies, Guidelines and Procedures, which, collectively, provide a framework for prudent decision-making.

All of our employees must conduct themselves in accordance with this Code and seek to avoid even the appearance of improper behavior. In this respect, our tradition is that we will engage in no business or political arrangement that would be embarrassing to us if it were published on the front page of the local paper.

A Firm can create a more restrictive policy if the partners believes such a policy would enhance the spirit and intent of this policy.

This Code also should be provided to and followed by the firm's agents and representatives, including consultants.

If a law conflicts with a policy in this Code, you must comply with the law; however, if a local custom or policy conflicts with this Code, you must comply with the Code. If you have any questions about these conflicts, you should ask your supervisor how to handle the situation.

Employees who violate the standards in this Code will be subject to disciplinary action. *If you are in a situation that you believe may violate or lead to a violation of this Code, follow the guidelines described in Section 11 of this Code.*

1. Compliance with Laws, Rules and Regulations

Obeying the law, both in letter and in spirit, is the foundation on which this firm's ethical standards are built. All employees must respect and obey the laws of the cities, states and countries in which we operate. Although not all employees are expected to know the details of these laws, it is important to know enough to determine when to seek advice from supervisors, managers or other appropriate personnel. The firm holds information and training sessions to promote compliance with laws, rules and regulations, including insider trading laws.

2. Conflicts of Interest

A "conflict of interest" exists when a person's private interest interferes in any way with the interests of the firm. A conflict situation can arise when an employee, officer or partner takes actions or has interests that may make it difficult to perform firm work objectively and effectively. Conflicts of interest also may arise when

- (a) an employee, officer or partner, or family member, receives personal benefits from third parties as a result of his or her position in the firm. For example, loans or guarantees of obligations of loans to employees and their family members may create conflicts of interest.
- (b) It is almost always a conflict of interest for a firm employee to work simultaneously for a competitor, customer or supplier. You are not allowed to work for a competitor as a consultant or board member.

- (c) Any employee who wishes to perform consulting services of any kind must inform and obtain prior approval from the partners. In no event may an employee perform consulting services for a competitor. Additionally, outside consulting is viewed as a conflict of interest for salaried employees who are expected to devote their professional efforts solely to the firm. The best policy is to avoid any direct or indirect business connection with our customers, suppliers or competitors, except on our behalf.
- (d) Acceptance of gifts in a business relationship can also result in a conflict of interest. No gift or entertainment should ever be accepted by any firm employee, directly or indirectly through a family member or agent unless it: (1) is not a cash gift, (2) is consistent with customary business practices, (3) is not excessive in value, (4) cannot be construed as a bribe or payoff and (5) does not violate any laws or regulations. Please discuss with your supervisor any gifts or proposed gifts that you are not certain are appropriate. Any gift given or received that is valued in excess of Rs.1000 must be reported to the Compliance Officer.

Conflicts of interest are prohibited as a matter of firm policy, except under guidelines approved by the Partners. Conflicts of interest may not always be clear-cut, so if you have a question, you should consult with higher levels of management. Any employee, officer or partner who becomes aware of a conflict or

potential conflict should bring it to the attention of a supervisor, manager or other appropriate personnel or consult the procedures described in Section 11 of this Code.

3. Insider Trading

Employees who have access to confidential information are not permitted to use or share that information for stock trading purposes or for any other purpose except the conduct of our business. All non-public information about the firm should be considered confidential information. To use non-public information for personal financial benefit or to “tip” others who might make an investment decision on the basis of this information is not only unethical but also illegal. If you have any questions, please consult the firm’s Compliance Officer.

4. Corporate Opportunities

Employees, officers and partners are prohibited from taking personal gain through the use of firms property, information or position without the consent of the partners. No employee may use firms property, information or position for improper personal gain, and no employee may compete with the firm, directly or indirectly. Employees, officers and partners owe a duty to the firm to advance its legitimate interests when the opportunity to do so arises.

5. Competition and Fair Dealing

We seek to outperform our competition fairly and honestly. We seek competitive advantages through superior performance, never through unethical or illegal business practices. Stealing proprietary information, possessing trade secret information that was obtained without the owner’s consent, or inducing such disclosures by past or present employees of other companies is prohibited. Each employee should endeavor to respect the rights of and deal fairly with the firm’s customers, suppliers, competitors and employees. No employee should take unfair advantage of anyone through manipulation, concealment, abuse of privileged information, misrepresentation of material facts, or any other intentional unfair-dealing practice.

To maintain the firm’s valuable reputation, compliance with our quality processes and safety

requirements is essential. In the context of ethics, quality requires that our products and services be designed and produced to meet our obligations to customers. All inspection and testing documents must be handled in accordance with all applicable regulations.

The purpose of business entertainment and gifts in a commercial setting is to create good will and sound working relationships. No gift or entertainment should ever be offered, given, or provided by any firm employee, directly or indirectly through a family member of an employee or agent unless it: (1) is not a cash gift, (2) is consistent with customary business practices, (3) is not excessive in value, (4) cannot be construed as a bribe or payoff and (5) does not violate any laws or regulations. Please discuss with your supervisor any gifts or proposed gifts that you are not certain are appropriate. Any gift given or received that is valued in excess of Rs.1000 must be reported to the partners.

6. Payments to Government Personnel

The Legal Framework prohibits giving anything of value, directly or indirectly, to officials of foreign governments or foreign political candidates in order to obtain or retain business. It is strictly prohibited to make illegal payments to government officials of any country.

In addition, the Indian government has a number of laws and regulations regarding business gratuities that may be accepted by Indian government personnel. The promise, offer or delivery to an official or employee of the Indian government of a gift, favor or other gratuity in violation of these rules would not only violate firm policy but could also be a criminal offense. State and local governments, as well as foreign governments, may have similar rules. The firm's Compliance officer can provide guidance to you in this area.

7. Record-Keeping

Honest and accurate recording and reporting of information is required of all employees. Records should always be retained or destroyed according to the firm's record retention policies. In accordance with those policies, in the event of litigation or governmental investigation please immediately consult the firm's partners, as set forth in the firm's legal policy. Maintain all records related to the matter until after consultation with partners.

All of the firm's books, records, accounts and financial statements must be maintained in reasonable detail, must appropriately reflect the firm's transactions and must conform both to applicable legal requirements and to the firm's system of internal controls. Unrecorded or "off the books" funds or assets should not be maintained unless permitted by applicable law or regulation and approved by the firm's partners.

Business records and communications often become public, and we should avoid exaggeration, derogatory remarks, guesswork, or inappropriate characterizations of people and companies that can be misunderstood. This applies equally to e-mail, internal memos and formal reports.

8. Confidentiality

Employees must maintain the confidentiality of confidential information entrusted to them by the firm or its customers, except when disclosure is authorized by the firm's Partners or required by laws or regulations. Confidential information includes all nonpublic information that might be of use to competitors, or harmful to the firm or its customers, if disclosed. It also includes information that

suppliers and customers have entrusted to us. The obligation to preserve confidential information continues even after employment ends.

9. Protection and Proper Use of firm Assets

All employees should protect the firm's assets and ensure their efficient use. Theft, carelessness and waste have a direct impact on the firm's profitability. Any suspected incident of fraud or theft should be immediately reported for investigation. firm equipment should not be used for non-firm business, though incidental personal use is permitted.

The obligation of employees to protect the firm's assets includes its proprietary information. Proprietary information includes intellectual property such as trade secrets, patents, trademarks and copyrights, as well as business, marketing and distribution plans, engineering ideas, designs, databases, records, salary information and any unpublished financial data and reports. Unauthorized use or distribution of this information would violate firm policy. It also could be illegal and result in civil or even criminal penalties.

10. Statements to the Public

No public statements may be made as a representative of the firm without prior authorization from the Partners.

Any employee who wishes to speak at a public event or submit an article for a publication in a trade magazine or other publication must obtain prior approval from the partners. While we recognize and support your right to engage in legal activities while you are not working, we also must be careful to (1) avoid the employee's position being mistaken for the position of the firm, (2) avoid an interpretation that the firm in any way endorses the employee's position, and (3) avoid a violation of any other policies of the firm, including those related to conflict of interest and confidentiality of firm property and information.

11. Waivers of the Code of Business Conduct and Ethics

Any waiver of this Code for employees may be made only by the Partners and will be promptly disclosed as required by law or the Stock Exchange rules.

12. Reporting any Illegal or Unethical Behavior

We all must work to ensure prompt and consistent action against violations of this Code. In some situations, however, it is difficult to know right from wrong. Since we cannot anticipate every situation that will arise, it is important that we have a way to approach a new question or problem. These are the steps to keep in mind:

- **Make** sure you have all the facts. In order to reach the right solutions, we must be as fully informed as possible.
 - **Ask** yourself: What specifically am I being asked to do? Does it seem unethical or improper? This will enable you to focus on the specific question you are faced with, and the alternatives you have. Use your judgment and common sense; if something seems unethical or improper, it probably is.

- **Ask yourself:** What specifically am I being asked to do? Does it seem unethical or improper? This will enable you to focus on the specific question you are faced with, and the alternatives you have. Use your judgment and common sense; if something seems unethical or improper, it probably is.
- **Discuss the problem with your supervisor.** This is the basic guidance for all situations. In many cases, your supervisor will be more knowledgeable about the issue and will appreciate being brought into the decision-making process. Remember that it is your supervisor's responsibility to help solve problems.
- **Seek help from firm resources.** In the rare case where it may not be appropriate to discuss an issue with your supervisor or where you do not feel comfortable approaching your supervisor with your question, discuss it with the partners
- **You may report ethical violations in confidence and without fear of retaliation.** The firm does not permit retaliation of any kind against employees for good faith reports of ethical violations.
